#### VI. INFORMAL CITIZEN COMMENTS

State Law prohibits any deliberation of or decisions regarding items presented in informal citizen comments. City Council may only make a statement of specific information given in response to the inquiry; recite an existing policy; or request staff place the item on an agenda for a subsequent meeting. The exception to informal comments is that once an election date has been set by City Council comments relative to elections will not be broadcast on the City's cable channel. However, a copy of the tape containing citizens' comments will be available at city hall for review or purchase by interested citizens. (Citizen comments are limited to 3 minutes)

#### VII. COUNCIL MEMBER AND STAFF COMMENTS

Pursuant to the Texas Government Code, Chapter 551, Open Meetings, Section 551.0415, announcements from City Councilmembers and City Staff are limited to expressions of thanks; congratulations; condolences; recognition of public officials, employees or citizens; information regarding holiday schedules; reminders of community events or announcements involving an imminent threat to the public health and safety of the municipality that has arisen after the posting of the agenda. No discussion or formal action may be taken on these items at this meeting.

Noes: None

Motion carried unanimously.

## **V. REPORTS FROM CITY MANAGER**

### **A. GENERAL**

#### **G-2737 Finance Report for period ending January 31, 2026**

Rick Overgaard gave the following report: General Fund revenues for the month of January, the fourth month of the fiscal year, were \$5,118,083. Major revenues collected for the month include Property taxes of \$4,158,893, Franchise taxes of \$17,109, Permits of \$18,551, Fines and Forfeitures of \$43,723, Charges for Services of \$113,091, Other Agency of \$66,885, and Interest of \$72,305. Sales tax collected and recognized as revenue in January was \$623,700. Fiscal year to date sales tax is \$1,686,613, an increase of 5.8% compared to last year at this time. A separate summary of sales tax revenue collections is provided for comparative purposes. General Fund revenues collected through the end of January were \$15,640,015 and 59.0% of the budget.

General Fund expenditures for the month of January were \$2,401,236. Fiscal year to date expenditures were \$8,725,314 and 32.9% of the adopted budget.

Total General Fund revenues of \$15,640,015 were more than total General Fund expenditures of \$8,725,314 by \$6,914,701.

Debt Service revenues for the month of January totaled \$362,415, which included a transfer from the Stormwater Fund of \$74,444 for drainage related debt. Fiscal year to date revenues total \$955,570. Debt Service payments of \$1,008,701 were made at the end of January. Total expenditures of \$1,008,701 exceeded total revenues of \$955,570 by \$53,131.

EDC revenues for January were \$330,241. EDC expenditures for January were \$283,746. Revenues exceeded expenditures by \$46,495.

Revenues received for January were \$112,285 from stormwater utility fees, mineral lease revenue, and interest earnings. Expenditures for the Capital Projects Fund were \$82,081 for January. January expenditures included the Storm Drain Assessment and a transfer out of \$74,444 for stormwater related debt. Revenues exceeded expenditures by \$30,204. Sufficient funds are available in the current fund balances of the Capital Projects Fund. This fund operates on a project basis rather than a specific fiscal year.

On January 31, 2026, the City had \$38,482,238 invested at varying interest rates; the EDC had \$7,451,156 available.

Motion by Mr. Tiner, seconded by Mr. Reagan, to accept the finance report for the period ending January 31, 2026.

Vote on the Motion:

Ayes: Mr. Reagan, Mr. Phillips, Ms. Mackey, Mr. Moore, Mr. Tiner

Noes: None

Motion carried unanimously.

**VI. INFORMAL CITIZEN COMMENTS**

Andrea Arabie and Cheryl Fortner addressed City Council.

**VII. COUNCIL MEMBER AND STAFF COMMENTS**

Councilmember Phillips commended city staff for their work on the city's annual report and congratulated them on the awards the city received.

Councilmember Moore noted that Lowe's is offering community impact grants for renovations and shared that he nominated the VFW in Benbrook. He encouraged others to submit nominations for locations in town and provided the email address for submissions. He also suggested that presentations like Ms. Fortner's are more useful to increase City Council awareness instead of relying on social media.

Councilmember Tiner shared that he enjoyed reading to elementary students at Rolling Hills during Literacy Week and thanked the librarian, Mrs. Atkins, and the principal, Mrs. Condit, for the opportunity. He said he looks forward to reading at Westpark Elementary next week. He also announced the Lions Club's upcoming 59th Annual Chili Supper Fundraiser and provided event details.

**VIII. ADJOURNMENT**

Meeting adjourned at 7:17 p.m.

**APPROVED:**

\_\_\_\_\_  
**Laura Mackey, Mayor Pro Tem**

**ATTEST:**

\_\_\_\_\_  
**Elizabeth Fischer**  
**City Secretary/Chief Governance Officer**

## CITY COUNCIL COMMUNICATION

DATE: 3/19/26	REFERENCE NUMBER: G-2738	SUBJECT: Finance Report for period ending February 28, 2026	PAGE: 1 of 2
------------------	-----------------------------	--	-----------------

### GENERAL FUND

General Fund revenues for the month of February, the fifth month of the fiscal year, were \$4,238,258. Major revenues collected for the month include Property taxes of \$3,517,573, Franchise taxes of \$102,265, Permits of \$56,283, Fines and Forfeitures of \$46,138, Charges for Services of \$88,430, and Interest of \$74,484. Sales tax collected and recognized as revenue in February was \$353,085. Fiscal year to date sales tax is \$2,039,698, an increase of 5.6% compared to last year at this time. A separate summary of sales tax revenue collections is provided for comparative purposes. General Fund revenues collected through the end of February were \$19,878,277 and 74.9% of the budget.

General Fund expenditures for the month of February were \$2,492,404. Fiscal year to date expenditures were \$11,178,646 and 41.2% of the adopted budget.

Total General Fund revenues of \$19,878,277 were more than total General Fund expenditures of \$11,178,646 by \$8,699,631.

### DEBT SERVICE

Debt Service revenues for the month of February totaled \$243,776 and were all from property tax. There were no expenditures in February. The next debt service payments are due August 1, 2026.

### ECONOMIC DEVELOPMENT CORPORATION (EDC)

EDC revenues for February were \$189,786. EDC expenditures for February were \$294,737. Expenditures exceeded revenues by \$104,951.

### CAPITAL PROJECTS

Revenues received for February were \$723,805 from stormwater utility fees, mineral lease revenue, interest earnings, and a transfer in for Dutch Branch Park Improvements. Expenditures for the Capital Projects Fund were \$698,916 for February. February expenditures included the Storm Drain Assessment, Low Water Crossing, and Playground Equipment for Castle Park and Robot Park. Revenues exceeded expenditures by \$24,889. Sufficient funds are available in the current fund balances of the Capital Projects Fund. This fund operates on a project basis rather than a specific fiscal year.

## CITY COUNCIL COMMUNICATION

DATE: 3/19/26	REFERENCE NUMBER: G-2739	SUBJECT: Accept Annual Comprehensive Finance Report for fiscal year ending September 30, 2025	PAGE: 1 of 2
------------------	-----------------------------	--	-----------------

As required by Chapter 103 of the Texas Local Government Code, an independent audit of the City's accounts and records has been made by the certified public accounting firm of BrooksWatson & Co. for the fiscal year ending September 30, 2025.

The audited financial statements or Annual Comprehensive Financial Report (ACFR), which include the auditor's unmodified or "clean" opinion on pages 1 – 4 of the ACFR is submitted for City Council's information and consideration.

The Benbrook ACFR includes several sections as listed below:

- Introductory Section, which is unaudited
- Financial Section, including:
  - Independent Auditor's Report
  - Management's Discussion and Analysis
  - Basic Financial Statements
  - Notes to the Financial Statements, and
  - Supplementary Information
- Statistical Section, which is unaudited

The ACFR was prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). Staff anticipates that the City will receive a Certificate of Achievement for Excellence in Financial Reporting for the fortieth consecutive year.

### FINANCIAL STATEMENTS

The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) governmental fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

1. The government-wide statements, which are found on pages 20 - 25, are designed to provide the reader with a broad overview of the City's finances, in a manner similar to a private-sector business. These statements include depreciated capital assets and long-term debt.
2. The governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These statements are much more useful in evaluating a government's near-term

------------------	--------------------------------	---	-----------------

financial requirements and should be the focus of the City's fiscal year activities and financial health. These statements are on pages 26 - 27 and 30 - 33 of the ACFR.

3. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the governmental fund financial statements. The notes to the financial statements can be found on pages 39 - 75.
4. In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information that can be found on pages 77 - 87.

## **FINANCIAL HIGHLIGHTS**

- The General Fund ending fund balance at September 30, 2025, was \$23,644,660, a \$27,538 increase from the prior year.
- The City's total governmental ending fund balances at fiscal year end was \$30,991,335, an increase of \$44,262 from the prior year. This includes an increase of \$27,538 in the General Fund, a decrease of \$44,646 in the Debt Service Fund, an increase of \$490,639 in the Special Assessment Fund, a decrease of \$795,373 in the Municipal Complex Fund, and an increase of \$366,104 in the nonmajor governmental funds.
- The City's total debt showed a net decrease (including premiums) of \$1,044,274. The total governmental bonds and certificates of obligations payable at the close of the fiscal year was \$21,024,756.
- Capital assets were \$158,879,540, with a depreciation of \$75,091,279, leaving a net value of \$83,788,261.
- Net position for the primary government decreased \$125,817 during fiscal year 2024-25 to \$83,650,133 at September 30, 2025.

## **RECOMMENDATION**

Staff recommends that the City Council accept the Annual Comprehensive Financial Report for the fiscal year ended September 30, 2025.

***INTRODUCTORY SECTION***

March 5, 2026

The Honorable Mayor,  
Members of the City Council and Citizens of the City of Benbrook  
City of Benbrook  
Benbrook, Texas

The Finance Department is pleased to submit the Annual Comprehensive Financial Report for the City of Benbrook, Texas for the fiscal year ended September 30, 2025. This report provides the City Council, City staff, our citizens, our bondholders, and other interested parties with detailed information concerning the financial condition and activities of the City. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data is accurate in all material respects and is presented in a manner that fairly sets forth the financial position and results of operations of the City. We also believe that all disclosures necessary to enable the reader to gain an understanding of the City's financial affairs have been included.

## **THE REPORT**

The MD&A is a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Statistical section, using tables, presents comparative economic and financial data to give the users of the report a perspective of the City's performance over several years.

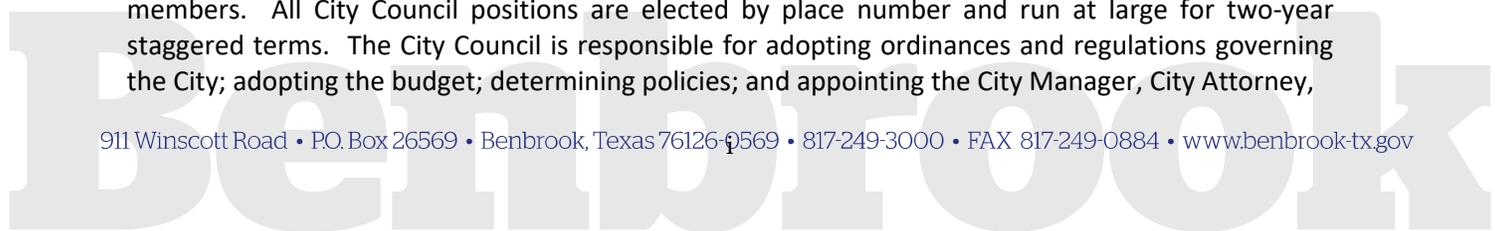

The financial statements included in the report were prepared by the Finance Department in accordance with generally accepted accounting principles for local governments as prescribed by the Governmental Accounting Standards Board (GASB). The basic financial statements and related notes have been audited by an independent firm of Certified Public Accountants, BrooksWatson & Co., PLLC, whose report is included herein.

## **CITY PROFILE**

### **Location**

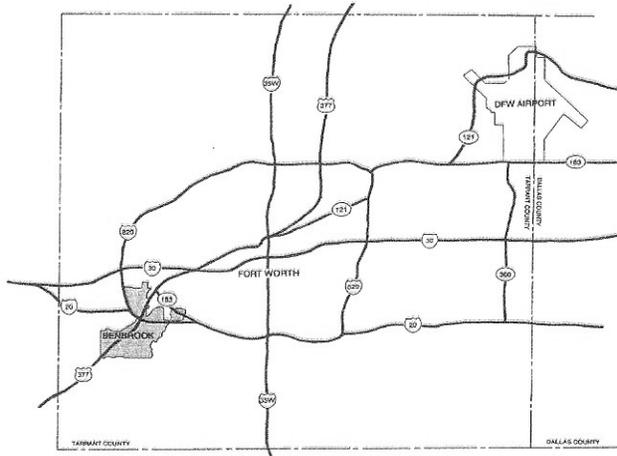

The City of Benbrook is located in Tarrant County, in the north central portion of the State of Texas. The City of Benbrook is located on the southwest side of the City of Fort Worth and is only thirty minutes from Dallas. The City covers approximately eleven square miles. The 2020 Census set the population at 24,520, and the current estimated population is 25,594.

The City was incorporated in 1947 and is operated under a charter adopted in 1983. The City has a Council-Manager form of government with the City Council comprised of a mayor and six council members. All City Council positions are elected by place number and run at large for two-year staggered terms. The City Council is responsible for adopting ordinances and regulations governing the City; adopting the budget; determining policies; and appointing the City Manager, City Attorney,

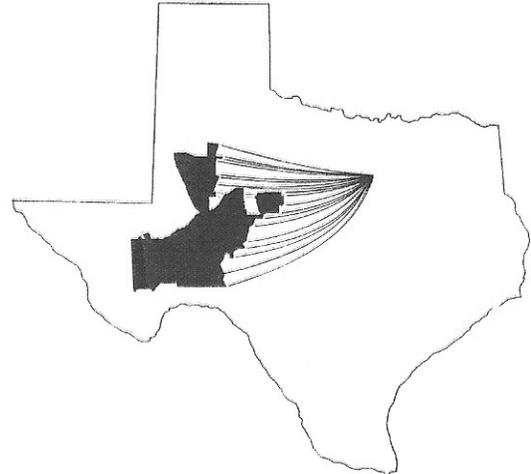

City Secretary, Municipal Court Judge, as well as members of boards and commissions. The City Manager is responsible to the City Council and appoints and supervises the employees that prepare and administer the annual comprehensive financial report (ACFR), the annual budget, and the capital improvements program.

### **Benbrook's location in Tarrant County**

### **Benbrook's location in the State**

### **Services Provided**

The City provides a full-range of municipal services including general government, community development, police and fire protection, street maintenance, building inspection, recreation services, parks operation and maintenance, and maintenance of City-owned buildings. The Benbrook Economic Development Corporation (EDC) is responsible for the promotion and retention of business within the City. Solid waste collection has been contracted out to a private firm.

This report includes the financial statements of the funds required to account for those activities, organizations, and functions which are related to the City and are controlled by or dependent upon the City's governing body. The criteria used by the City for including activities in preparing its financial statements are set forth by the Governmental Accounting Standards Board (GASB). Based on these criteria, all municipal services listed are included in the City's fiscal year 2024-25 financial statements.

### **Accounting System and Budgetary Control**

The City's accounting records for general governmental operations are maintained on a modified accrual basis. Under this method of accounting, expenditures are recognized when the services or goods are received, and the liability is incurred.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for

assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City’s internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The City Charter provides that the City Council shall adopt the annual budget prepared by the City Management. The annual budget includes the General Fund and Debt Service Fund. This budget is reviewed by the City Council and is formally adopted by the passage of a budget ordinance. The City Manager is authorized to transfer budgeted amounts between line items and divisions within a fund, including personnel. Any revisions that alter the total expenditures of any fund must be approved by the City Council.

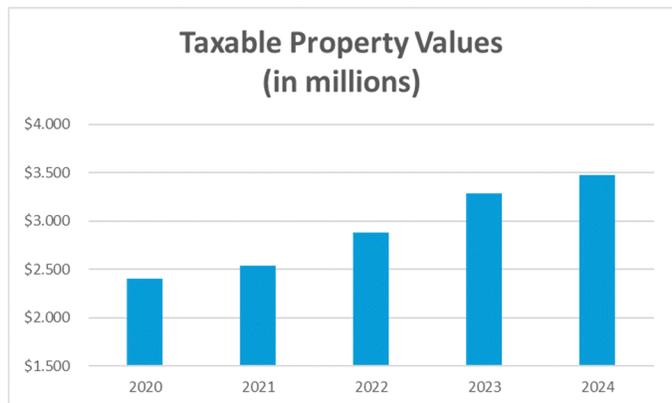

The legal level of budgetary control has been established at the individual fund level. Financial reports are produced showing budget and actual expenditures by line item. These reports are distributed monthly to City department and division managers. A financial summary is prepared for City Council to approve each month.

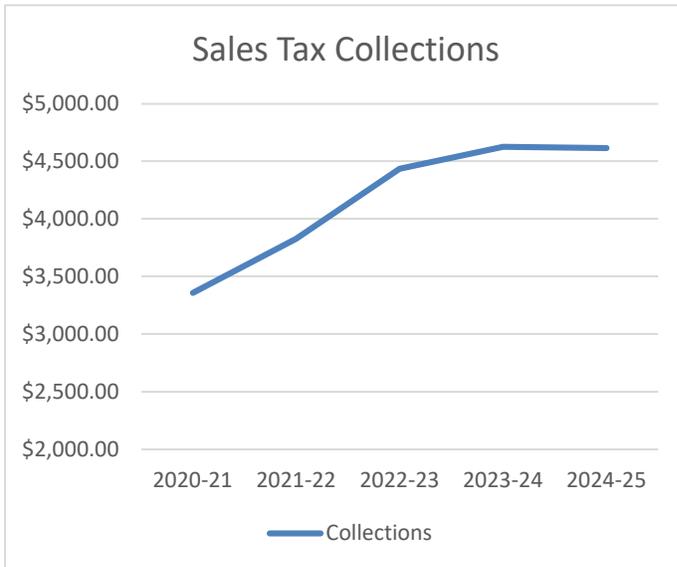

Individual line items are reviewed and analyzed for budgetary compliance. Personnel expenditures are monitored and controlled at a position level and capital expenditures are monitored and controlled by line item. Revenue budgets are reviewed monthly.

## ECONOMIC OUTLOOK AND FINANCIAL CONDITION

### Summary of Local Economy

The City of Benbrook is located in southwest Tarrant County, an area that has experienced significant growth in population since 2000. The City’s tax base has grown an average of 8.7% annually over the past five years with annual increases ranging from 4.6% to 14.1%. Commercial and residential construction has remained stable and is expected to continue at current levels.

Overall sales tax collections in Benbrook have increased over the past few years with the completion of the Benbrook Boulevard expansion project that was started in 2014. The last five fiscal years averaged a 7.4% increase. In the first 3 months of the new fiscal year 2025-26, however, we are experiencing a 3.2% decrease from the prior year.

**Economic Prospects for the Future**

The enhancement of the primary corridor through Benbrook’s center initially stimulated growth of commercial and residential development and attracted

more upscale businesses and enterprises. Benbrook Boulevard expansion project is now complete; however, the growth in sales tax has slowed and it is projected to remain flat over the next year.

Several commercial projects are under construction such as Jakes Burgers, Taco and Avocados, and Taco Bell restaurants. Other projects under construction include various subdivisions and a 300-unit apartment complex.

There are opportunities in Benbrook for commercial expansion, business growth, and residential development in upcoming years. These prospects will have a positive impact on Benbrook’s tax base, sales tax collections, development fees, and other sources of revenue.

**Long-Term Financial Planning**

The City produces a Comprehensive Capital Improvements Program (CIP). The CIP includes an emphasis on the repair and maintenance of existing facilities and infrastructure. Planned project funding comes from current resources. Storm drainage projects will be funded from the storm water utility fees. Other special projects will be taken on at the discretion of the City Council. These projects will be financed by the Core Value Fund, Parks Fund, Capital Asset Replacement Fund, and cash reserves.

In 2019, as part of the City's updated 2020 Comprehensive Plan, a Citizen Committee recommended a new Municipal Complex to replace several municipal buildings, and to act as an anchor for a proposed downtown development. The existing municipal buildings were aging and had mechanical issues, electrical problems, ADA non-compliance and/or other challenges. In May 2021, voters approved the general obligation bond election to fund the design and construction of a new two-story, approximately 35,000 square-foot Benbrook Municipal Complex to house the Police Station, Senior Citizen's Center, Municipal Court, City Hall Offices, and a Visitor's Center. Construction began in 2022 and the Municipal Complex was opened in November of 2024.

**Cash Management**

The City's cash management policy is adopted by City Council and strictly defines the types and amounts of investments made for the City. Section 5 of the Public Funds Investment Act prescribes that cities are to develop and maintain an investment policy to govern all investments. The City of Benbrook adopted a revised investment policy on October 4, 2018 to meet updates made to the Public Funds Investment Act. The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Collateral is held by the City, its agent, or a financial institution's trust department in the City's name. One hundred percent of the deposits and investments held by the City during the year ending September 30, 2025, are classified in the category of the lowest credit risk as defined by the Governmental Accounting Standards Board. All deposits are held in interest-bearing accounts, Texpool and TexStar investment pools, certificates of deposit, and agency notes.

## **OTHER INFORMATION**

### **Independent Audit**

The City Charter requires an annual audit of the financial statements of the City by independent certified public accountants selected by the City Council. This requirement has been complied with, and the audit firm of BrooksWatson & Co., PLLC's report on the basic financial statements and required supplementary information is included in the financial section of this report.

### **Certificate of Achievement**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Benbrook for its annual comprehensive financial report for the fiscal year ended September 30, 2024. This year was the forty first consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. The report must satisfy both generally accepted accounting principles as well as all applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City of Benbrook has received the GFOA's Award for Distinguished Budget Presentation for its annual appropriated budget dated October 1, 2024. This award marked the forty first time the City has received this award. To qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial planning, and organization.

### **Acknowledgements**

The preparation of the Annual Comprehensive Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the finance department. Each member of the department has my sincere appreciation for the contribution made in the preparation of this report.

In closing, without the leadership and support of the City Council and the City Manager, preparation of this report would not have been possible.

Respectfully submitted,

*Rick Overgaard*

## *INDEPENDENT AUDITOR'S REPORT*

To the Honorable Mayor and  
Members of the City Council  
City of Benbrook, Texas:

### **Report on the Audit of the Financial Statements**

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Benbrook, Texas (the "City") as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Benbrook, Texas, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City of Benbrook, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and

fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year after the date that the financial statements are issued.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Emphasis of Matters*

As discussed in Note V.F. to the financial statements, due to the recognition of GASB 101, *Compensated Absences*, the City restated beginning net position for governmental activities. Our opinion is not modified with respect to this matter.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in net pension liability and related ratios, schedule of employer contributions to pension plan, schedule of changes in other postemployment benefits liability and related ratios, and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

This accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

*Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 5, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*MANAGEMENT'S DISCUSSION  
AND ANALYSIS*

# City of Benbrook, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### September 30, 2025

As management of the City of Benbrook, Texas (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-v of this report.

#### **Financial Highlights**

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows (net position) at September 30, 2025 by \$83,650,133. Of this amount, \$12,425,472 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position decreased by \$125,817. The majority of the City's net position are invested in capital assets and restricted for specific purposes.
- The City's governmental funds reported combined ending fund balances of \$30,991,335 at September 30, 2025, an increase of \$44,262 from the prior fiscal year; this includes an increase of \$27,538 in the general fund, a decrease of \$44,646 in the debt service fund, an increase of \$490,639 in the special assessment fund, a decrease of \$795,373 in the municipal complex fund, and an increase of \$366,104 in the nonmajor governmental funds.
- At the end of the fiscal year, unassigned fund balance for the general fund was \$23,644,660 or 91% of total general fund expenditures.
- The City's total debt showed a net decrease (including premiums) of \$1,044,274. The total governmental bonds, COO's payable, and premium at the close of the fiscal year was \$21,024,756.

#### **Overview of the Financial Statements**

The discussion and analysis provided here are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) the notes to financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

#### **Government-Wide Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

# City of Benbrook, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

September 30, 2025

The *statement of net position* presents information on all of the City's assets, deferred outflows, liabilities and deferred inflows. The sum of assets plus deferred outflows, less the sum of liabilities plus deferred inflows is reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Other non-financial factors, such as the City's property tax base and the condition of the City's infrastructure, need to be considered in order to assess the overall health of the City.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, and culture and recreation. The business-type activities of the City include water and sewer and sanitation operations.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the legally separate the Benbrook Economic Development Corporation and the Tax Increment Financing ("TIF") Reinvestment Zone #1, for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

### FUND FINANCIAL STATEMENTS

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

#### Governmental Funds

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

# City of Benbrook, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

September 30, 2025

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental* activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, special assessment fund, and the municipal complex fund, which are considered to be major funds. The City's other special revenue/capital projects funds are considered nonmajor for reporting purposes.

The City adopts an annual appropriated budget for its general and debt service funds. A budgetary comparison statement has been provided for each fund to demonstrate compliance with the budget.

### **Proprietary Funds**

The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses one enterprise fund to account for its sanitation operations. All activities associated with providing such services are accounted for in these funds, including personnel, administration, operation, repairs/maintenance, capital improvements, billing and collection. The City's intent is that costs of providing the services to the general public on a continuing basis is financed through user charges in a manner similar to a private enterprise.

Proprietary financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the sanitation fund, as its considered a major fund of the City.

### **Component Unit**

The City maintains the accounting and financial statements for two component units. The Benbrook Economic Development Corporation and the Tax Increment Financing ("TIF") Reinvestment Zone #1 are reported as discretely presented component units on the government-wide financial statements.

### **Notes to Financial Statements**

The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements.

# City of Benbrook, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

September 30, 2025

### Other Information

In addition to the basic financial statements, MD&A, and accompanying notes, this report also presents certain Required Supplementary Information (RSI). The required RSI includes a budgetary comparison schedule for the general fund, schedule of changes in the net pension liability and related ratios and schedule of employer contributions for the Texas Municipal Retirement System, and OPEB schedules. RSI can be found after the basic financial statements.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted previously, net position may serve over time as a useful indicator of the City's financial position. For the City of Benbrook, assets and deferred outflows exceed liabilities and deferred inflows by \$83,650,133 as of September 30, 2025 in the primary government.

The largest portion of the City's net position, \$65,693,836, reflects its investments in capital assets (e.g., land, buildings, infrastructure, vehicles, machinery and equipment, as well as the public works facilities), less any debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the assets themselves cannot be used to liquidate these liabilities.

Total current and other assets for governmental activities decreased by \$2,300,169 or 6% due to less cash on hand resulting from greater capital asset purchases in the current year. In addition, the decrease is due to a declining investment balance resulting from fewer interest bearing accounts held and a decrease in interest rates in the current year.

Total deferred inflows for governmental activities increased by \$1,262,970 or over 100%. The increase is strictly due to actuarial changes in the City's pension inputs over the course of the year.

Total other liabilities for governmental activities decreased by \$1,977,373 or 26% as a result of prior year capital improvement payables paid in the current year.

Total long-term liabilities for governmental activities decreased by \$2,079,783 or 7% due to debt payments and a significant decrease in the City's net pension liability over the course of the current year.

**City of Benbrook, Texas**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**September 30, 2025**

**Statement of Net Position:**

The following table reflects the condensed Statement of Net Position:

	2025			2024		
	Governmental	Business-Type	Total	Governmental	Business-Type	Total
	Activities	Activities		Activities	Activities	
Current and other assets	\$ 33,847,909	\$ 337,822	\$ 34,185,731	\$ 36,148,078	\$ 265,901	\$ 36,413,979
Capital assets, net	83,788,261	-	83,788,261	85,109,481	-	85,109,481

\*The difference between prior year ending net position and current year beginning net position is due to the implementation of GASB 101, Compensated Absences, in the current year. Please see Note V.F to the financial statements.

**City of Benbrook, Texas**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**September 30, 2025**

Graphic presentations of selected data from the summary tables are displayed below to assist in the analysis of the City's activities.

**Governmental Activities - Revenues**

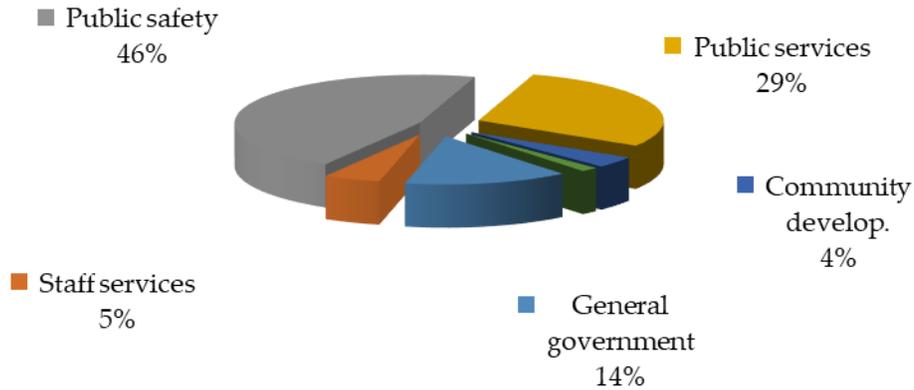

For the year ended September 30, 2025, revenues from governmental activities totaled \$31,669,155. Property taxes, sales taxes, and charges for services are the City's largest general revenue sources. Overall revenue decreased \$2,462,702 or 7% compared to the prior year. Grants and contributions decreased by \$2,985,996 or 68% primarily due to a reimbursement received from the TIF in the prior year. Charges for services increased by \$649,818 or 17%, primarily due to greater building permits received that related to the new apartment complex project in the current year. Sales taxes increased by \$248,461 or 6% primarily due to an increase in local economic activity over the course of the year. Investment income decreased by \$492,163 or 30% primarily due to a decline in interest rates in the current year. All other revenues remained relatively stable compared with the prior year.

**City of Benbrook, Texas**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**September 30, 2025**

This graph shows the governmental function expenses of the City:

**Governmental Activities - Expenses**

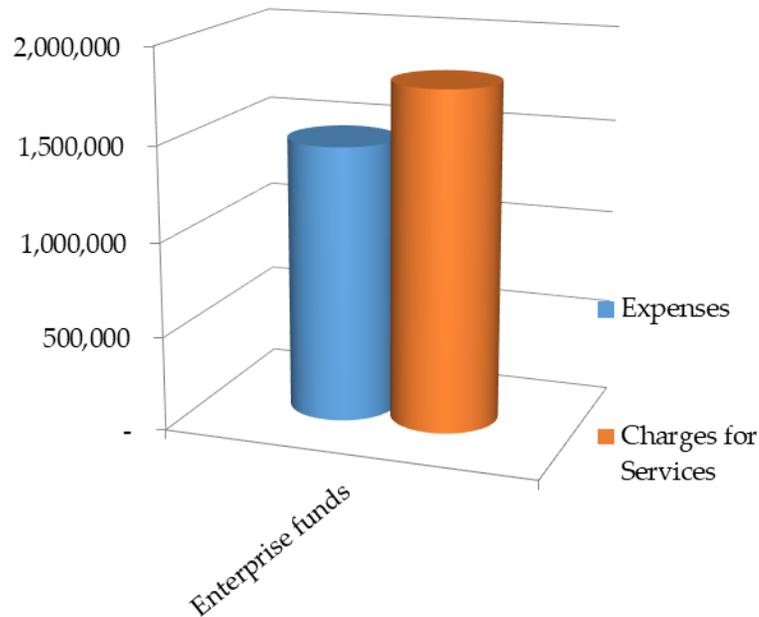

For the year ended September 30, 2025, expenses for governmental activities totaled \$32,126,321. This represents an increase of \$5,383,894 or 20% from the prior year. The City's largest functional expense is public safety of \$14,878,526, which increased by \$1,567,615 or 12% due to greater personnel costs resulting from general wage increases and a fully staffed department in the current year. In addition, the increase is related to greater depreciation costs and nonrecurring vehicle and radio maintenance in the current year. General government expenses increased by \$3,030,789 or 192% primarily due to a loss on land sale and greater personnel costs, resulting from general wage increases, credit card processing fees, and greater building and vehicle insurance costs incurred in the current year. Staff services and community development expenses increased by \$263,540 or 20% and \$120,484 or 11%, respectively, primarily due to greater personnel costs related to general wage increases and new hires in the current year. All other expenses remained relatively consistent with the previous year.

**City of Benbrook, Texas**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**September 30, 2025**

Business-type activities are shown comparing operating costs to revenues generated by related services.

**Business-Type Activities - Revenues and Expenses**

For the year ended September 30, 2025, charges for services by business-type activities totaled \$1,793,931. This is an increase of \$91,925 or 5% from the previous year, which is considered consistent with the previous year.

Total expenses increased by \$5,624 or less than 1%, to a total of \$1,462,582 and is relatively consistent with prior year.

**FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

As noted earlier, fund accounting is used to demonstrate and ensure compliance with finance-related legal requirements.

Governmental Funds - The focus of the City's governmental funds is to provide information of near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the year.

At September 30, 2025, the City's governmental funds reported combined fund balances of \$30,991,335, an increase of \$44,262 in comparison with the prior year. Approximately 76% of the fund balance,

**City of Benbrook, Texas**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**September 30, 2025**

\$23,644,660, constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance is *restricted* to indicate that it is restricted for particular purposes, \$7,346,675.

As of the end of the year the general fund reflected a total fund balance of \$23,644,660. The entire balance is considered unassigned. The general fund balance increased by \$27,538. The fund's increase was primarily due to significantly less transfers out of the fund when compared to the prior year.

As a measure of the general fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. The total fund balance of general fund is 91% of total general fund expenditures. The unassigned (the amount available for spending) fund balance of the general fund of \$23,644,660 is 91% of total general fund expenditures.

The debt service fund had an ending fund balance of \$393,401 at September 30, 2025, a decrease of \$44,646. The decrease was due to debt service expenditures exceeding current year property tax revenues. Property tax revenues decreased by \$46,593 when compared to the prior year.

The special assessment fund had an ending fund balance of \$2,131,361, an increase of \$490,639. The increase is due to nonrecurring grant revenues and transfers from other funds received in the current year.

The municipal complex fund had an ending fund balance of \$1,294,849, a decrease of \$795,373. The decrease is a result of capital outlay expenditures exceeding current year investment income and transfers paid to the fund in the current year. Transfers into the fund decreased by \$2,356,634 from the prior year.

Nonmajor governmental funds had a total ending fund balance of \$3,527,064, an increase of \$366,104.

Proprietary Funds - The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

There was a positive variance of \$957,957 for budgeted general fund revenues. The positive variance was primarily due to all revenues were greater than the budgeted amounts except for property tax in the current year. There was a positive variance of \$205,918 for budgeted general fund expenditures. All expenditures were less than budgeted amounts with the exception of, general government, community development, and public safety totaling, \$334,847, \$5,349, and \$273,595, respectively. Other financing sources and uses had a positive budget variance of \$109,992. Total fund expenditures did not exceed appropriations at the legal level of control.

**City of Benbrook, Texas**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**September 30, 2025**

**CAPITAL ASSETS**

As of the end of the year, the City's governmental activities funds had invested \$83,788,261 in a variety of capital assets and infrastructure, net of accumulated depreciation. This investment in capital assets includes land, buildings, vehicles, equipment, park improvements, and drainage/bridge infrastructure. Major capital asset events during the current year include the following:

- Continued work on Cedar Creek and Timber drainage systems for \$302,233.
- Began work on the Low Water Crossing for \$94,927.
- Continued improvements on the municipal complex for \$2,158,375.
- Purchased two ambulances and related equipment totaling \$1,332,769.
- Purchased four police patrol vehicles and related equipment totaling \$376,440.

More detailed information about the City's capital assets is presented in note IV. C to the financial statements.

**LONG-TERM DEBT**

At the end of the current fiscal year, the City had total bonded and COO debt obligations of \$21,024,756 (including premiums). During the year, the City made \$985,000 of principal payments. The City monitors its debt obligations and callable bonds for refinancing opportunities with market conditions. More detailed information about the City's long-term liabilities is presented in note IV.E. to the financial statements.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

In the fiscal year 2025-26 operating budget, General Fund revenues are budgeted to decrease by \$4,013 from the 2024-25 budget year. Assessed valuations grew by 1.51% leading to a projected increase in revenue from property taxes and the property tax rate remaining the same as the prior year. Sales tax revenue is projected to remain the same as the prior year due to a slowdown in the growth of sales tax. Additionally, there are no new capital purchases or programs in the fiscal year 2025-26 operating budget due to these uncertainties. Essentially, the operating budget is flat from the prior year.

In September 2021 the City issued \$22 million in General Obligation bonds for the construction of a new Municipal Complex that will house City Hall Administration, Police Department, and Senior Center. This project is budgeted in the City's Capital Improvement Projects budget and is mostly complete.

**CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

The financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the City's finances. If you have questions about this report or need any additional

## RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION GOVERNMENTAL FUNDS

September 30, 2025

<b>Fund Balances - Total Governmental Funds</b>	\$ 30,991,335
 <b>Adjustments for the Statement of Net Position:</b>	
Capital assets used in governmental activities are not current financial resources and, therefore, not reported in the governmental funds.	
Capital assets - non-depreciable	38,556,416
Capital assets - net depreciable	45,231,845
 Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the governmental funds.	
Property tax receivable	381,970
 Deferred outflows (inflows) of resources represent a consumption (acquisition) of net position that applies to a future period(s) and is not recognized as an outflow (inflows) of resources (expense/expenditure)/(revenue) until then.	
Deferred charge on refunding	1,867
Pension outflows	2,541,575
Pension inflows	(1,022,320)
OPEB outflows - Healthcare	168,669
OPEB inflows - Healthcare	(814,385)
OPEB outflows - TMRS	10,615
OPEB inflows - TMRS	(83,763)
 Some liabilities, including bonds payable, premiums, other long-term liabilities and deferred charges, are not reported as liabilities in the governmental funds.	
Accrued interest	(85,771)
Bond premium	(1,244,756)
Compensated absences	(3,603,994)
Non-current liabilities due in one year	(745,000)
Non-current liabilities due in more than one year	(19,035,000)
Net pension liability - TMRS	(5,176,464)
OPEB liability - TMRS	(377,982)
OPEB liability - Healthcare	(2,112,949)
<b>Net Position of Governmental Activities</b>	\$ 83,581,908

## *RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES*

**For the Year Ended September 30, 2025**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$	44,262
---	----	--------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay		4,495,376
Depreciation expense		(2,951,829)
Adjustment for sale of land assets		(2,820,507)
Adjustment for disposal of capital assets		(44,260)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(133,856)
--	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences		132,171
Accrued interest		5,684
Pension expense - TMRS		124,989
OPEB expense - TMRS		(544,166)
OPEB expense - Healthcare		446,687

The issuance of long-term debt (e.g., bonds, leases, certificates of obligation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when they are first issued; whereas, these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Amortization of debt premium		59,274
Amortization of deferred charge on refunding		(4,899)
Principal payments on long-term debt		985,000

<b>Change in Net Position of Governmental Activities</b>	<b>\$</b>	<b>(206,074)</b>
--	-----------	------------------

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2025**

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Description of Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component units. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

**B. Reporting Entity**

The City of Benbrook (the "City") was incorporated in 1947. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: general government, police and fire protection, street maintenance, building inspection services, recreation, parks operation and maintenance, and operation and maintenance of City-owned buildings.

The City is an independent political subdivision of the State of Texas governed by an elected council and a mayor and is considered a primary government. As required by generally accepted accounting principles, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the City's financial reporting entity. The Benbrook Economic Development Corporation (the "EDC") and the Tax Increment Financing ("TIF") Reinvestment Zone #1 (the "TIF") are legally separate and presented as discretely presented component units. No other entities have been included in the City's reporting entity. Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations or functions in the City's financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the City is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the City's financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and is fiscally independent of other state and local governments. Additionally, prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable, and considerations pertaining to organizations for which the nature and significance of their relationship with the primary government are

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

**Discretely Presented Component Units**

Benbrook Economic Development Corporation

The Benbrook Economic Development Corporation (EDC) was created for the purpose of promoting economic development within the City. The Board of Directors is appointed by the City Council. The EDC is authorized to sell bonds or other forms of indebtedness. The EDC provides services to the City and its residents. The Economic Development Corporation is covered under the provisions of the State of Texas, Development Corporation Act of 1979. Under the Act members of the board serve at the pleasure of the governing body and must conduct meetings within the City's boundaries. These provisions meet the criteria for inclusion established by GASB 61. Complete financial statements for the individual component unit may be obtained from the City's Finance Department. The District has a separate board from City council and does not provide services exclusively to the City. Due to these factors the component unit did not meet the criteria for blending and was presented discretely with respect to the City.

Tax Increment Financing Reinvestment Zone #1

The Tax Increment Financing ("TIF") Reinvestment Zone #1 was established by Ordinance No. 1137 in November 2002 for financing and constructing projects within Reinvestment Zone #1. The TIF is legally separate and presented as a discretely presented component unit as none of the criteria for blending are applicable. The District has a separate board from City council and does not provide services exclusively to the City. Due to these factors the component unit did not meet the criteria for blending and was presented discretely with respect to the City.

**C. Basis of Presentation - Government-Wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds and the proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's water and transit functions and various other functions of

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**D. Basis of Presentation - Fund Financial Statements**

The fund financial statements provide information about the government's funds, including its fiduciary funds and component units. Separate statements for each fund category; governmental and proprietary are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The government reports the following major governmental funds:

**General Fund**

The general fund is used to account for all financial transactions not properly includable in other funds. The principal sources of revenues include local property taxes, sales and franchise taxes, hotel occupancy taxes, grants and donations, licenses and permits, fines and forfeitures, and charges for services. Expenditures include general government, staff services, public safety, public works, and community development.

**Debt Service Fund**

The debt service fund is used to account for the payment of interest and principal on all general obligation bonds and other long-term debt of governmental funds. The primary source of revenue for debt service is local property taxes.

**Special Assessment Fund**

The Special Assessment fund is used to account for proceeds from special assessments of the City. The funds are restricted for future major projects of the City and capital asset purchases.

**Municipal Complex Fund**

The municipal complex fund is used to account for bond funds to be used to construct the municipal complex.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

The government reports the following major enterprise fund:

**Sanitation Fund**

This fund is used to account for the provision of sanitation services to the residents of the City. The City contracts sanitation services to a third party service provider.

Additionally, the City reports for the following fund types:

**Special Revenue Funds**

The City accounts for resources restricted to, or designated for, specific purposes in a special revenue fund.

**Capital Project Funds**

The City accounts for resources restricted for future major construction projects.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

**E. Measurement focus and basis of accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary, pension and other postemployment benefit trust, and private-purpose trust funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

**F. Budgetary Information**

**1. Budgetary Basis of Accounting**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for the general and debt service funds. In the current year, annual budgets were not adopted for the special revenue or capital project funds.

Forty-five (45) days prior to the end of the fiscal year the City Manager submits the proposed annual budget and explanatory budget message to the City Council. The budget must be adopted by the twenty-seventh (27th) day of September or the budget, as submitted by the City Manager, will be deemed to have been adopted. The City Charter requires that the budget set out the proposed expenditures by function. The legal level of budgetary control (i.e. the level at which expenditures may not legally exceed appropriations) is the fund level.

Appropriations in all budgeted funds lapse at the end of the fiscal year.

**G. Assets, Liabilities, and Fund Equity or Net Position**

**1. Deposits and Investments**

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. For the purpose of the statement of cash flows, the proprietary fund types consider temporary investments with maturity of three months or less when purchased to be cash equivalents.

In accordance with GASB Statement No. 31, *Accounting and Reporting for Certain Investments and External Investment Pools*, the City reports all investments at fair value, except for "money market investments" and "2a7-like pools." Money market investments, which are short-term highly liquid debt instruments that may include U.S. Treasury and agency obligations, are reported at amortized costs. Investment positions in external investment pools that are operated in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940, such as TexPool, are reported using the pools' share price.

The City has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act, Chapter 2256, of the Texas Governmental Code.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

In summary, the City is authorized to invest in the following:

- Direct obligations of the U.S. Government
- Fully collateralized certificates of deposit and money market accounts
- Statewide investment pools

**2. Fair Value Measurement**

The City has applied Governmental Accounting Standards Board (“GASB”) Statement No. 72, Fair Value Measurement and Application. GASB Statement No. 72 provides guidance for determining a fair value measurement for reporting purposes and applying fair value to certain investments and disclosures related to all fair value measurements.

**3. Receivables and Interfund Transactions**

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as either “interfund receivables/payables” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds” in the fund financial statements. If the transactions are between the primary government and its component unit, these receivables and payables are classified as “due to/from component unit/primary government.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Advances between funds are offset by a nonspendable fund balance account in the applicable governmental fund to indicate they are not available for appropriation and are not expendable available financial resources.

All trade receivables are shown net of any allowance for uncollectible amounts. Uncollectible personal property taxes are periodically reviewed and written off when deemed uncollectible; however, state statutes prohibit writing off real property taxes without specific authority from the Texas Legislature. The property tax receivable allowance is equal to 41.5% of outstanding property taxes as of September 30, 2025.

**4. Inventories and Prepaid Items**

The costs of governmental fund type inventories are recorded as expenditures when the related liability is incurred, (i.e., the purchase method). Inventories of supplies to be used internally are valued at cost using the first-in/first-out method. Inventories to be resold are valued at the lower of cost or market, and removed using the first-in/first-out method. Certain payments to vendors reflect costs applicable to future accounting periods (prepaid expenditures) are recognized as expenditures when utilized.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**5. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government, as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art, and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value on the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest costs incurred in connection with construction of enterprise fund capital assets are capitalized when the effects of capitalization materially impact the financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful years.

<b>Asset Description</b>	<b>Estimated Useful Life</b>
Buildings and improvements	30 years
Infrastructure	10-50 years
Machinery and equipment	5-20 years

**6. Deferred outflows/inflows of resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows / inflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The government only has three items that qualify for reporting in this category. One example is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable*

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

*revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, fines, grants, and hotel taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources can also occur at the government wide level due to differences between investment gains and losses realized on pension investments compared to assumption used within the pension actuarial valuation model.

**7. Net Position Flow Assumptions**

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**8. Fund Balance Flow Assumptions**

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**9. Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

# City of Benbrook, Texas

## NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2025

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The governing body (council) has by resolution authorized the finance director to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

### **10. Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. The long-term debt consists primarily of bonds payable and lease obligations.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements until due. The debt proceeds are reported as other financing sources, net of the applicable premium or discount and payments of principal and interest reported as expenditures. In the governmental fund types, issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. However, claims and judgments paid from governmental funds are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable available financial resources.

Long-term debt and other obligations, financed by proprietary funds, are reported as liabilities in the appropriate funds. For proprietary fund types, bond premiums, discounts and issuance costs are deferred and amortized over the life of the bonds using the straight-line method, if material. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are expensed as incurred.

Assets acquired under the terms of leases are recorded as liabilities and capitalized in the government-wide financial statements at the present value of net minimum lease payments at inception of the lease. In the year of acquisition, lease transactions are recorded as other financing sources and as capital outlay expenditures in the general fund. Lease payments representing both principal and interest are recorded as expenditures in the general fund upon payment with an appropriate reduction of principal recorded in the government-wide financial statements.

### **11. Estimates**

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**12. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**13. Other Postemployment Benefits ("OPEB")**

The City has implemented GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This statement applies to the individual employers (TMRS cities) in the TMRS Supplemental Death Benefits (SDB) plan, with retiree coverage. The TMRS SDBF covers both active and retiree benefits with no segregation of assets, and therefore doesn't meet the definition of a trust under GASB No. 75 (i.e., no assets are accumulated for OPEB) and as such the SDBF is considered to be an unfunded OPEB plan. For purposes of reporting under GASB 75, the retiree portion of the SDBF is not considered a cost sharing plan and is instead considered a single employer, defined benefit OPEB plan. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary, calculated based on the employee's actual earnings on which TMRS deposits are made, for the 12-month period preceding the month of death. The death benefit amount for retirees is \$7,500. GASB No. 75 requires the liability of employers and nonemployer contributing entities to employees for defined benefit OPEB (net OPEB liability) to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position.

In addition to the contributions made to TMRS, the City provides certain other post-employment benefits to its retirees and dependents. The retiree health care plan covers both active and retiree benefits with no segregation of assets, therefore doesn't meet the definition of a trust under GASB No. 75 (i.e., no assets are accumulated for OPEB) as such the plan is considered to be an unfunded OPEB plan. For purposes of reporting under GASB 75, the retiree portion of the plan is not considered a cost sharing plan and is instead considered a single employer, defined benefit OPEB plan. The retired employees can participate in the City's health care plan by paying the full amount of the premiums. GASB No. 75 requires the liability of employers and nonemployer contributing entities to employees for defined

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

benefit OPEB (net OPEB liability) to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position.

**H. Revenues and Expenditures/Expenses**

**1. Program Revenues**

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

**2. Property Taxes**

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. Under state law, property taxes levied on real property constitute a lien on the real property which cannot be forgiven without specific approval of the State Legislature. The lien expires at the end of twenty years. Taxes levied on personal property can be deemed uncollectible by the City.

**3. Compensated Absences**

City policy allows civil service employees to accumulate 120 hours of sick leave per year and accrue it on an unlimited basis. Civil service employees with one full year of employment are entitled to be paid up to 90 days for unused sick leave upon termination. Non-civil service employees may accrue up to 480 hours of unused sick leave. Non-civil service employees may be paid up to 20 days for unused sick time based on years of service and certain other criteria. Employees with less than 5 years of service earn 10 vacation days whereas employees with more than 5 years of service earn 15 vacations days per year. Non-civil service employees may accumulate two times the current number of vacation days earned per year, up to a maximum of 30 days. All earned vacation leave not taken within one year of its accumulation will be forfeited by civil service employees.

A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

All sick time is accrued when incurred and determined to be more likely to be used than not to be used.

**4. Proprietary Funds Operating and Nonoperating Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the sanitation fund are charges to customers for sales and services. The sanitation fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise fund includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.**

The governmental fund balance sheet includes reconciliation between *fund balance-total governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that long-term liabilities, including bonds, are not due and payable in the current period and, therefore, are not reported in the funds.

**B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental states that, “the issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.”

**III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for the general and debt service funds.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
**September 30, 2025**

Forty-five (45) days prior to the end of the fiscal year the City Manager submits the proposed annual budget and explanatory budget message to the City Council. The budget must be adopted by the twenty-seventh (27th) day of September or the budget, as submitted by the City Manager, will be deemed to have been adopted. The City Charter requires that the budget set out the proposed expenditures by function. The legal level of budgetary control (i.e. the level at which expenditures may not legally exceed appropriations) is the fund level.

**A. Expenditures Exceeding Appropriations**

During the year ended September 30, 2025, expenditures exceeded the legal level of control, which is defined by the fund level, in the following funds:

Debt Service Fund	\$350
-------------------	-------

**IV. DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

As stated in I.G.1., the City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. As of September 30, 2025, the City's only investments were external investment pools and certificates of deposits with maturities greater than three months.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

The City had the following investments at year end:

Investment Type	Value	Weighted Average Maturity (Years)
Certificates of deposits	\$ 3,174,274	0.83
External investment pools	20,610,067	0.13
<b>Total</b>	<b>\$ 23,784,341</b>	
Portfolio weighted average maturity		0.22

The Benbrook EDC had the following investments at year end:

Investment Type	Value	Weighted Average Maturity (Years)
External investment pools	\$ 4,231,423	0.12
<b>Total</b>	<b>\$ 4,231,423</b>	
Portfolio weighted average maturity		0.12

The Benbrook TIF had the following investments at year end:

Investment Type	Value	Weighted Average Maturity (Years)
External investment pools	\$ 185,639	0.12
<b>Total</b>	<b>\$ 185,639</b>	
Portfolio weighted average maturity		0.12

*Interest rate risk* In accordance with its investment policy, the City manages its exposure to declines in market values by limiting the weighted average of maturity not to exceed three years; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations; monitoring credit ratings of portfolio position to assure compliance with rating requirements imposed by the Public Funds Investment Act; and invest operating funds primarily in short-term securities or similar government investment pools.

*Credit risk* The City's investment policy limits the type of allowable investments to (1) collateralized bank certificates of deposit as per the City's depository contract, (2) direct obligations of the Federal government, (3) direct obligations of Federal agencies and instrumentalities, (4) investments in certificates of deposit at Federally insured banks or savings and loan associations, (5) collateralized savings accounts at the City's depository banks, or (6) Texpool/TexSTAR. As of September 30, 2025, the City's investments consisted solely of bank certificates of deposit and external investment pools.

# City of Benbrook, Texas

## NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2025

*Custodial credit risk – deposits* In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require that all deposits in financial institutions be insured or fully collateralized by U.S. government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of the deposits. As of September 30, 2025, the fair values of the primary government's and EDC's pledged securities and FDIC insurance exceeded bank balances.

*Custodial credit risk – investments* For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires that it will seek to safekeeping securities at financial institutions, avoiding physical possession. Further, all trades, where applicable, are executed by delivery versus payment to ensure that securities are deposited in the City's safekeeping account prior to the release of funds.

### **TexPool**

TexPool was established as a trust company with the Treasurer of the State of Texas as trustee, segregated from all other trustees, investments, and activities of the trust company. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. Finally, Standard & Poor's rate TexPool AAAM. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor's, as well as to the office of the Comptroller of Public Accounts for review. There were no limitations or restrictions on withdrawals.

### **TexSTAR**

TexSTAR has been established for governmental entities pursuant to the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code and operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. TexSTAR's governing body is a five-member Board consisting of three representatives of participants and one member designated by each of the co-administrators. The Board holds legal title to all money, investments, and assets and has the authority to employ personnel, contract for services, and engage in other administrative activities necessary or convenient to accomplish the objectives of TexSTAR. Board oversight of TexSTAR is maintained through daily, weekly, and monthly reporting requirements. TexSTAR is rated AAAM by Standard &

**E. Long-term Debt**

The following is a summary of changes in the City's total governmental long-term liabilities for the year ended. In general, the City uses the debt service fund to liquidate governmental long-term liabilities.

	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>	<b>Amounts Due within One Year</b>
<b>Governmental Activities:</b>					
Bonds, notes and other payables:					
General Obligation Bonds	\$ 20,550,000	\$ -	\$ (915,000)	\$ 19,635,000	\$ 675,000
Certificates of Obligation	215,000	-	(70,000)	145,000	70,000
Premiums	1,304,030	-	(59,274)	1,244,756	-
<b>Total Governmental Activities</b>	<b>\$ 22,069,030</b>	<b>\$ -</b>	<b>\$ (1,044,274)</b>	<b>\$ 21,024,756</b>	<b>\$ 745,000</b>
<b>Long-term liabilities due in more than one year</b>				<b>\$ 20,279,756</b>	

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly, are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. The City intends to retire all of its general long-term liabilities, plus accrued interest, from property taxes and other current revenues from the debt service fund as has been done in prior years. Leases are secured by the underlying asset. In the event of default, the lender may demand immediate payment or take possession of the asset.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

Long-term debt at year end was comprised of the following debt issues:

Description	Maturity Date	Interest Rates	Original Balance	Current Balance
<b>Governmental Activities:</b>				
2021 General Obligation Refunding Bonds	2/1/2046	2.00-4.00%	\$ 20,920,000	\$ 19,635,000
<b>Total General Obligation Bonds</b>			<u>23,555,000</u>	<u>19,635,000</u>
2007 Combination Tax & Revenue Certificates	2/1/2027	4.04%	\$ 1,455,000	\$ 145,000
<b>Total Certificates of Obligation</b>			<u>1,455,000</u>	<u>145,000</u>
<b>Total Governmental Activities</b>			<u><u>\$ 25,010,000</u></u>	<u><u>\$ 19,780,000</u></u>

The annual requirements to amortize governmental activities debt issues outstanding at year ending were as follows:

<b>Governmental Activities</b>				
Year ending September 30,	General Obligation Bonds		Certificates of Obligation	
	Principal	Interest	Principal	Interest
2026	\$ 675,000	\$ 514,794	\$ 70,000	\$ 4,444
2027	695,000	494,144	75,000	1,515
2028	725,000	465,744	-	-
2029	750,000	436,244	-	-
2030	785,000	405,544	-	-
Thereafter	16,005,000	3,010,216		
<b>Total</b>	<u><u>\$ 19,635,000</u></u>	<u><u>\$ 5,326,686</u></u>	<u><u>\$ 145,000</u></u>	<u><u>\$ 5,959</u></u>

**F. Deferred Charge on Refunding**

Deferred charges resulting from the issuance of the 2011 general obligation refunding bonds and 2013 general obligation refunding bonds has been recorded as a deferred outflow of resources and is being amortized to interest expense over the term of the refunded debt. Current year balances for governmental activities totaled \$1,867. Current year amortization expense for governmental activities totaled \$4,899.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**G. Interfund Transfers**

Transfers between the primary government funds during the 2025 year were as follows:

<b>Transfers In:</b>	<b>Transfers Out:</b>			<b>Total</b>
	<b>General Fund</b>	<b>Nonmajor Governmental</b>	<b>Sanitation</b>	
General	\$ -	\$ -	\$ 251,092	\$ 251,092
Debt service	-	340,119	-	340,119
Special assessment	250,000	-	-	250,000
Municipal complex	1,246,329	112,722	-	1,359,051
Nonmajor govt	50,000	-	-	50,000
<b>Total</b>	<b>\$ 1,546,329</b>	<b>\$ 452,841</b>	<b>\$ 251,092</b>	<b>\$ 2,250,262</b>

Transfers between funds were primarily to support debt service requirements and operation of funds.

The compositions of interfund balances as of year end were as follows:

<b>Due from:</b>	<b>Due to:</b>	
	<b>Nonmajor Govt.</b>	<b>Total</b>
General	\$ 9,043	\$ 9,043
<b>Total</b>	<b>\$ 9,043</b>	<b>\$ 9,043</b>

The compositions of balances due to/due from the primary government and component units were as follows:

<b>Due from:</b>	<b>Due to:</b>	
	<b>EDC</b>	<b>Total</b>
General Fund	\$ 108,167	\$ 108,167
<b>Total</b>	<b>\$ 108,167</b>	<b>\$ 108,167</b>

**H. Restricted Net Position / Fund Balance**

The City records restricted net position / fund balance to indicate that a portion is legally restricted for a specific future use.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

The following is a list of restricted, committed, and assigned fund balance of the City:

	<b>Governmental Funds</b>	<b>Governmental Net Position</b>
Restricted for:		
Debt service	\$ 393,401	\$ 393,401
Capital improvements	6,180,672	4,364,822
City promotions	252,062	252,062
* Public safety	520,540	520,540
Total Restricted	\$ 7,346,675	\$ 5,530,825

\* Restricted by enabling legislation

**V. OTHER INFORMATION**

**A. Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; and natural disasters for which the City participates along with over 2,700 other entities in the Texas Municipal League’s Intergovernmental Risk Pools. The Pool purchases commercial insurance at group rates for participants in the Pool. The City has no additional risk or responsibility to the Pool outside of the payment of insurance premiums. The City has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts for the past three years.

**B. Contingent Liabilities**

The City is exposed to various risks of loss related to tort; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries insurance. The City maintained general liability and property coverage through the Texas Municipal League Intergovernmental Risk Pool (TML). The City pays an annual premium to TML for such coverage. TML purchases reinsurance and the City does not retain risks of loss exceeding deductibles. The City did not have any significant reduction in the amount of insurance coverage for this fiscal year. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. No insurance claims of the City have exceeded insurance coverage for the last three fiscal years.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*

**C. Defined Benefit Pension Plans**

**1. Texas Municipal Retirement Systems**

**Plan Description**

The City of Benbrook participates as one of 938 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at [www.tmr.com](http://www.tmr.com).

All eligible employees of the city are required to participate in TMRS.

**Benefits Provided**

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

Plan provisions for the City were as follows:

	<u>Plan Year 2023</u>	<u>Plan Year 2024</u>
Employee deposit rate	7.0%	7.0%
Matching ratio (city to employee)	2 to 1	2 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age / years of service)	60/5, 0/20	60/5, 0/20
Updated service credit	100% Repeating Transfers	100% Repeating Transfers
Annuity increase (to retirees)	70% of CPI	70% of CPI

**Employees covered by benefit terms**

At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	97
Inactive employees entitled to but not yet receiving benefits	93
Active employees	126
Total	316

**Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Benbrook were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City of Benbrook were 17.16% and 17.07% in calendar years 2025 and 2024, respectively. The City's contributions to TMRS for the year ended September 30, 2025, were \$2,202,410, and were equal to the required contributions.

**City of Benbrook, Texas**  
*NOTES TO FINANCIAL STATEMENTS, Continued*  
September 30, 2025

**Net Pension Liability**

The city's Net Pension Liability (NPL) was measured as of December 31, 2024, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

**Actuarial assumptions:**

The Total Pension Liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.60 to 11.85%, including inflation
Investment Rate of Return	6.75%, net of pension plan investment expense, including inflation

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB(10) mortality tables with 110% of the Public Safety table used for males and 100% of the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the 3.5% and 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS as of December 31, 2022. They were adopted in 2023 and first used in the December 31, 2023 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation

# City of Benbrook, Texas

## NOTES TO FINANCIAL STATEMENTS, *Continued*

September 30, 2025

percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2024 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Public Equity	35.0%	6.7%
Core Fixed Income	6.0%	4.7%
Non-Core Fixed Income	20.0%	8.0%
Other Public/Private Markets	12.0%	8.0%
Real Estate	12.0%	7.6%
Hedge Funds	5.0%	6.4%
Private Equity	10.0%	11.6%
Total	100.0%	

### Discount Rate:

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

### Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

1% Decrease 5.75%	Current Single Rate Assumption 6.75%	1% Increase 7.75%
\$ 16,368,802	\$ 5,176,464	\$ (4,021,866)

<b>Balance at 12/31/24</b>	<b>\$ 81,904,559</b>	<b>\$ 76,728,095</b>	<b>\$ 5,176,464</b>

**Pension Plan Fiduciary Net Position:**

Detailed information about the pension plan’s Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at [www.tmr.com](http://www.tmr.com).

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended September 30, 2025, the City recognized pension expense of \$2,077,421.

At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred (Inflows) of Resources</b>
Contributions subsequent to the measurement date	\$ 1,655,958	\$ -
Difference in experience	885,617	-
Changes in actuarial assumptions	-	(232,244)
Pension investment earnings	-	(790,076)
<b>Total</b>	<b>\$ 2,541,575</b>	<b>\$ (1,022,320)</b>

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

The City reported \$1,655,958 as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability for the year ending September 30, 2026.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year ended</b>	
<b>December 31:</b>	
2025	\$ 353,777
2026	1,002,877
2027	(1,002,381)
2028	(490,976)
2029	-
Thereafter	-
<b>Total</b>	<b>\$ (136,703)</b>

**D. Other Postemployment Benefits**

**1. Texas Municipal Retirement Systems**

The City also participates in a defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). This is a voluntary program in which participating member cities may elect, by ordinance, to provide group-term life insurance coverage for their active members, including or not including retirees. The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an “other postemployment benefit,” or OPEB. The SDBF covers both active and retiree benefits with no segregation of assets and, therefore, doesn’t meet the definition of a trust under GASB No. 75, paragraph 4b, (i.e., no assets are accumulated for OPEB). As such, the SDBF is considered to be a single-employer unfunded OPEB plan (and not a cost sharing plan) with benefit payments treated as being equal to the employer’s yearly contributions for retirees.

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

**Employees covered by benefit terms**

At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	74
Inactive employees entitled to but not yet receiving benefits	20
Active employees	126
<b>Total</b>	<b>220</b>

The City's contributions to the TMRS SDBF for the years ended 2025 and 2024 were \$13,816 and \$11,695, respectively, which equaled the required contributions each year.

Schedule of Contribution Rates  
*(RETIREE-only portion of the rate)*

Plan/ Calendar Year	Annual Required Contribution (Rate)	Actual Contribution Made (Rate)	Percentage of ARC Contributed
2023	0.10%	0.10%	100.0%
2024	0.10%	0.10%	100.0%
2025	0.11%	0.11%	100.0%

**Total OPEB Liability**

The City's Postemployment Benefits Other Than Pensions Liability (OPEB) was measured as of December 31, 2024, and the Total OPEB Liability was determined by an actuarial valuation as of that date.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**Actuarial assumptions:**

The Total OPEB Liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.6% to 11.85%, including inflation per year
Discount rate	4.08%
Retirees' share of benefit-related costs	\$0
Administrative expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements. For disabled annuitants, the mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the 3.5% and 3% floor.

**Discount Rate:**

The discount rate used to measure the Total OPEB Liability was 4.08%. The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2024.

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

The following presents the total OPEB liability of the City, calculated using the discount rate of 4.08%, as well as what the City's total OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (3.08%) or 1-percentage-point higher (5.08%) than the current rate:

<b>1% Decrease (3.08%)</b>	<b>Current Single Rate Assumption 4.08%</b>	<b>1% Increase (5.08%)</b>
\$ 452,907	\$ 377,982	\$ 320,017

Changes of assumptions	(21,302)
Benefit payments	(12,072)
Net changes	(12,915)
<b>Balance at 12/31/24</b>	\$ 377,982

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended September 30, 2025, the City recognized OPEB expense of \$16,367.

At September 30, 2025, the City reported deferred outflows and inflows of resources related to the OPEB liability from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred (Inflows) of Resources</b>
Difference between expected and actual experience	\$ -	\$ (6,397)
Change in assumptions	-	(77,366)
Contributions subsequent to measurement date	10,615	-
<b>Total</b>	\$ 10,615	\$ (83,763)

The City reported \$10,615 as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date that will be recognized as a reduction of the OPEB liability for the year ending September 30, 2026.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year ended December 31:</b>	
2025	\$ (14,428)
2026	(20,068)
2027	(26,576)
2028	(18,883)
2029	(3,808)
Thereafter	-
	<u>\$ (83,763)</u>

**2. City of Benbrook Retiree Health Care Plan**

Plan Description

Employees who retire from the City are eligible to continue health insurance (a single-employer) coverage through the City's group plan, the City of Benbrook Retiree Health Care Plan, after their federal COBRA benefits expire. The retiree must continue with no break in coverage. If a retiree declines coverage, then the retiree is not eligible for coverage at some future date. If the retiree drops coverage, then the retiree may not re-enroll at a later date.

The City elected, by ordinance, to provide coverage to both current and retired employees. The City may terminate coverage under and discontinue participation by adopting an ordinance.

Benefits

Retirees are treated the same as active employees with one major exception, the retiree must prepay the monthly insurance premium. If a retiree includes a dependent coverage, the dependent must have been covered prior to the retiree's retirement. The retirees pay the same amount for dependent coverage as an active employee; the City's subsidy applies toward dependent coverage for the retiree only. The other postretirement employment benefits for eligible retirees are funded on a pay-as-you-go basis.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**Employees covered by benefit terms**

At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	18
Inactive employees entitled to but not yet receiving benefits	0
Active employees & family members	117
<b>Total</b>	<b>135</b>

**Total OPEB Liability**

The City's Postemployment Benefits Other Than Pensions Liability (OPEB) was measured as of December 31, 2024, and the Total OPEB Liability was determined by an actuarial valuation as of that date.

**Actuarial assumptions:**

The Total OPEB Liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Overall payroll growth	3.60% to 11.85, including inflation
Discount rate	4.08%

*Mortality*

For healthy retirees, the gender-distinct 2019 Municipal Retirees of Texas mortality tables are used. The rates are projected on a fully generational basis using the ultimate mortality improvement rates in the MP tables published through 2019 to account for future mortality improvements.

*Health Care Trend Rates*

Initial rate of 7.50% declining to an ultimate rate of 4.25% after 15 years.

*Participation Rates*

It was assumed that 30% of eligible employees retiring before the age of 65 would choose to receive retiree health care benefits through the City. Of those assumed to elect coverage, 40% of retirees were assumed to elect two-person coverage. Additionally, it was assumed that 35% of eligible retirees would choose to receive retiree life insurance coverage through the City.

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**Discount Rate:**

For plans that do not have formal assets, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. For the purpose of this valuation, the municipal bond rate is 4.08% (based on the daily rate closest to but not later than the measurement date of the Fidelity “20-Year Municipal GO AA Index”). The discount rate was 4.05% as of the prior measurement date.

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Healthcare Trends**

Regarding the sensitivity of the total OPEB liability to changes in the discount rate, the following presents the plan’s total OPEB liability, calculated using a discount rate of 4.08%, as well as what the plan’s total OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher:

<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
<b>(3.08%)</b>	<b>Assumption 4.08%</b>	<b>(5.08%)</b>
\$ 2,338,055	\$ 2,112,949	\$ 1,915,077

Regarding the sensitivity of the total OPEB liability to changes in the healthcare cost trend rates, the following presents the plan’s total OPEB liability, calculated using the assumed trend rates as well as what the plan’s total OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher:

<b>Current Healthcare Cost</b>		
<b>1% Decrease</b>	<b>Trend Rate Assump.</b>	<b>1% Increase</b>
\$ 1,923,467	\$ 2,112,949	\$ 2,338,028

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**Changes in the Total OPEB Liability:**

	<b>Total OPEB Liability</b>
<b>Balance at 12/31/2023</b>	\$ 2,563,754
Changes for the year:	
Service Cost	99,858
Interest	97,352
Difference between expected and actual experience	(636,074)
Changes of assumptions	50,856
Benefit payments	(62,797)
Net changes	(450,805)
<b>Balance at 12/31/2024</b>	<b>\$ 2,112,949</b>

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended September 30, 2025, the City recognized OPEB expense of \$157,725.

At September 30, 2025, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred (Inflows) of Resources</b>
Difference in experience	\$ -	\$ (814,385)
Changes in actuarial assumptions	168,669	-
<b>Total</b>	<b>\$ 168,669</b>	<b>\$ (814,385)</b>

Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year ended September 30:</b>			
2026	\$	(39,485)	
2027		(41,820)	
2028		(56,043)	
2029		(67,117)	
2030		(107,019)	
Thereafter		(334,232)	
<b>Total</b>	<b>\$</b>	<b>(645,716)</b>	

**City of Benbrook, Texas**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**September 30, 2025**

**E. New Accounting Pronouncements**

The City adopted GASB 101, *Compensated Absences* during the year. The goal of the standard is to create a more consistent model for accounting for compensated absences that can be applied to all types of compensated absence arrangements.

The new guidance introduces three criteria for recording a liability in financial statements prepared using the economic resources measurement focus (often referred to as a “full accrual” basis). A liability should be recognized for leave that has not been used if all of the following are true:

- The leave is attributable to services already rendered.
- The leave accumulates.
- The leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means (likelihood of more than 50 percent).

This standard was applied retroactively and resulted in a sick leave liability of \$2,051,240 as of September 30, 2025.

**F. Restatements**

Due to the implementation of GASB 101, *Compensated Absences*, the City restated beginning net position for governmental activities. The below is a summary of the restatement:

	<b>Governmental Activities</b>
Prior year ending net position as reported	\$ 85,594,962
Implementation of GASB 101	(1,806,980)
Restated beginning net position	\$ 83,787,982

**G. Subsequent Events**

There were no material subsequent events through March 5, 2026, the date the financial statements were available to be issued.

### NOTES TO SCHEDULE OF EMPLOYER CONTRIBUTIONS TO PENSION PLAN

**Valuation Date:**

Notes Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

**Methods and Assumptions Used to Determine Contribution Rates:**

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	20 years
Asset Valuation Method	10 Year smoothed fair value; 12% soft corridor
Inflation	2.5%
Salary Increases	3.60% to 11.85% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2023 valuation pursuant to an experience study of the period ending 2022.

Mortality

Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP.

Pre-retirement: PUB(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females. The rates are projected on a fully generational basis with scale UMP.

**Other Information:**

Notes There were no benefit changes during the year.

***OTHER SUPPLEMENTARY INFORMATION***

# ***NONMAJOR GOVERNMENTAL FUNDS***

## ***HOTEL FUND***

The hotel fund collects hotel and motel taxes and spends those funds.

## ***PUBLIC SAFETY FUND***

The public safety fund is used for municipal court revenues restricted for public safety and the related expenditures.

## ***PEG FUND***

The PEG fund is used for tracking PEG revenues and related expenditures.

## ***GRANT FUND***

The grant fund is used for tracking grant revenues and related expenditures.

## ***CORE VALUE FUND***

This fund is used to account for proceeds from natural gas leases and mineral interest revenue. These funds will be used for special major improvement projects to be determined by City Council, and therefore, the fund balance is committed.

## ***STORM WATER FUND***

This fund is used to account for amounts received and expended for the construction and renovation of major drainage improvements. Initial funding came from the issuance of bonds with additional funding from stormwater fees. The fund balance is restricted for future major stormwater projects.

## ***OTHER CAPITAL PROJECTS FUND***

The other capital projects fund is used to track capital projects activities not covered within other funds.

## ***FEDERAL NARCOTICS FUND***

This fund is used to account for the local share of net proceeds of federal forfeitures resulting from local law enforcement's participation in an investigation or prosecution.

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE DISCRETELY PRESENTED COMPONENT UNITS TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2025

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances	\$ 891,615
------------------------------	------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	<u>166,518</u>
<b>Change in Net Position of the Discretely Presented Component Unit</b>	<b><u><u>\$ 1,058,133</u></u></b>

## STATISTICAL SECTION

This part of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<b>Contents</b>	<b>Page</b>

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

*Independent Auditor's Report*

To the Honorable Mayor and  
Members of the City Council  
City of Benbrook, Texas:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Benbrook, Texas as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise City of Benbrook, Texas' basic financial statements, and have issued our report thereon dated March 5, 2026.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the City of Benbrook, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Benbrook, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Benbrook, Texas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the City of Benbrook, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully,

A handwritten signature in black ink that reads "Brooks Watson & Co." in a cursive, professional style.

## CITY COUNCIL COMMUNICATION

DATE: 03/19/26	REFERENCE NUMBER: G-2740	SUBJECT: Interlocal Agreement with Tarrant County for the FY2025-26 Street Maintenance Program	PAGE: 1 of 2
-------------------	-----------------------------	---	-----------------

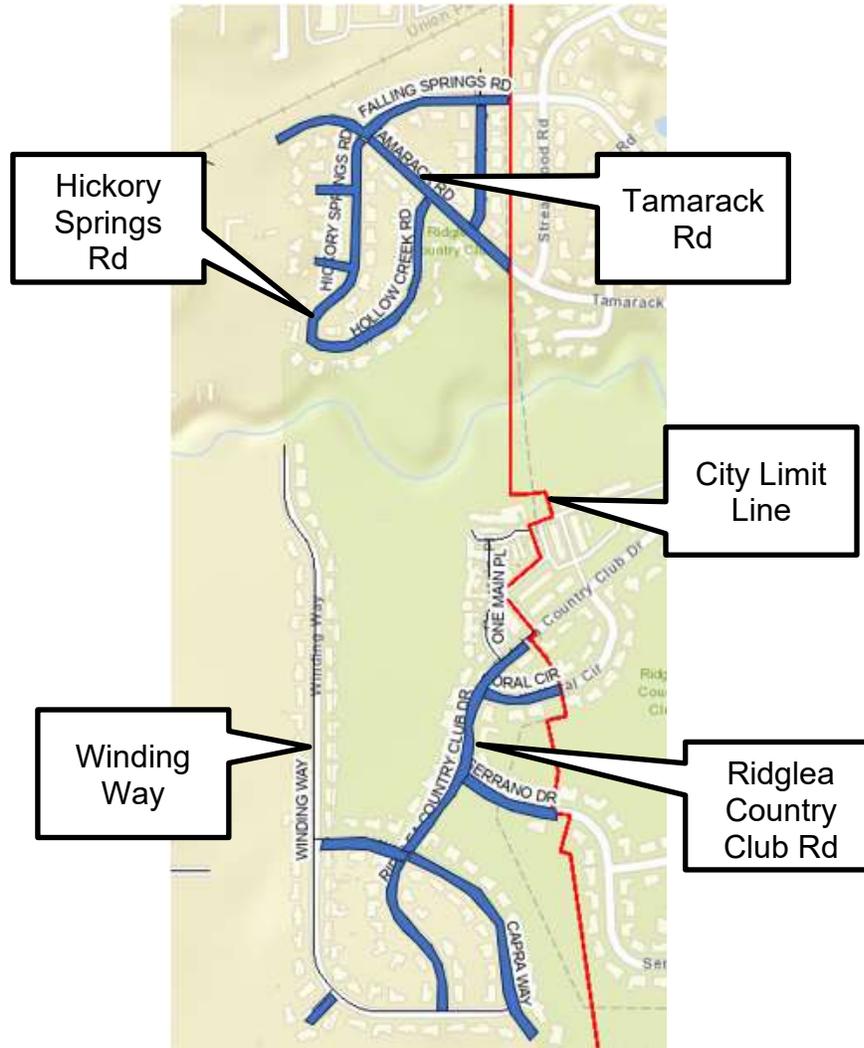

For many years, the City of Benbrook has collaborated with Tarrant County to complete a portion of the City’s annual Street Maintenance Program (Program). Under the Interlocal Agreement, the City will pay for street milling and asphalt, while Tarrant County will provide the equipment and labor needed to complete the Program.

Under this agreement, Tarrant County Road and Bridge crews will complete approximately 1.96 miles of roadway maintenance work on the streets listed in Table 1 and illustrated in Figure 1.

**Table 1 – Street Overlays By Tarrant County**

Priority	Street Name	From Cross Street	To Cross Street	Length (ft)	Width (ft)
1	Mendoza Ct	Winding Way	Dead End	200	28
2	Capra Way	Winding Way	Dead End	1,650	28
3	Serrano Dr	Ridglea Country Club Dr	City Limit Line	460	28
4	Coral Cir	Ridglea Country Club Dr	City Limit Line	400	28
5	Ridglea Country Club Dr	Winding Way	City Limit Line	2,200	28

10	Myrtle Springs Rd	Tamarack Rd	Cul De Sac	790	28
11	Falling Springs Rd	City Limit Line	Tamarack Rd	720	28
12	Tamarack Rd	Dead End	City Limit Line	1,380	28

SUBMITTED BY:	DISPOSITION BY COUNCIL: Y APPROVED    Y OTHER (DESCRIBE)	PROCESSED BY: CITY SECRETARY
CITY MANAGER		DATE:

**Figure 1 – Map of Street Overlays by Tarrant County**

Winding Way was excluded from this year’s Program because the Benbrook Water Authority plans to replace the water main in Winding Way in the near future.

**RECOMMENDATION**

Staff recommends that the City Council approve the Interlocal Agreement with Tarrant County to complete a portion of the City’s FY2025-26 Street Maintenance Program, as herein described.

**THE STATE OF TEXAS**

**INTERLOCAL AGREEMENT**

**COUNTY OF TARRANT**

This Interlocal Agreement is between Tarrant County, Texas (“COUNTY”) acting by and through its duly authorized County Commissioner Court, and the City of Benbrook, Texas (“CITY”) acting through its duly authorized City Manager.

WHEREAS, the Interlocal Cooperation Act, (Texas Government Code Section 791.001 et seq.) provides legal authority for this Agreement; and

WHEREAS, the CITY is requesting the COUNTY’s assistance with the overlay of various streets within the CITY:

- Overlay of Mendosa Court from Winding Way to the Dead End being approximately 622 square yards, to apply two inches of type D asphalt;
- Overlay of Capra Way from Winding Way to the Dead End being approximately 5,133 square yards, to apply two inches of type D asphalt;
- Overlay of Serrano Drive from Ridglea Country Club Drive to the City Limit line being approximately 1,431 square yards, to apply two inches of type D asphalt;
- Overlay of Coral Circle from Ridglea Country Club Drive to the City Limit line being approximately 1,244 square yards, to apply two inches of type D asphalt;
- Overlay of Ridglea Country Club Drive from Winding Way to the City Limit line being approximately 6,844 square yards, to apply two inches of type D asphalt;
- Overlay of River Valley Court from Hickory Springs Road to the Cul de sac being approximately 669 square yards, to apply two inches of type D asphalt;
- Overlay of Valleydale Court from Hickory Springs Road to the Cul de sac being approximately 669 square yards, to apply two inches of type D asphalt;
- Overlay of Hollow Creek Road from Tamarack Road to Hickory Springs Road being approximately 3,267 square yards, to apply two inches of type D asphalt;
- Overlay of Hickory Springs Road from Hollow Creek Road to Tamarack Road being approximately 3,298 square yards, to apply two inches of type D asphalt;

- Overlay of Myrtle Springs Road from Tamarack Road to the Cul de sac being approximately 2,458 square yards, to apply two inches of type D asphalt;
- Overlay of Falling Springs Road from the City Limit line to Tamarack Road being approximately 2,240 square yards, to apply two inches of type D asphalt;
- Overlay of Tamarack Road from the Dead End to the City Limit line being approximately 4,293 square yards, to apply two inches of type D asphalt;

Collectively referred to as the “Project”; and

WHEREAS, during the performance of the governmental functions and the payment for the performance of those governmental functions the parties will make the performance and payment from current revenues legally available to that party; and

WHEREAS, The Commissioners Court of the COUNTY and the Council of the CITY each make the following findings:

- a. This Agreement serves the common interest of both parties;
- b. This Agreement will benefit the public;
- c. The division of costs fairly compensates both parties to this Agreement; and
- d. The CITY and COUNTY have authorized their representative to sign this Agreement.

NOW, THEREFORE, the COUNTY and CITY agree as follows:

### **TERMS AND CONDITIONS**

#### **1. COUNTY RESPONSIBILITY**

- 1.1 COUNTY will furnish the labor and equipment for the Project.
- 1.2 COUNTY will order the materials for the Project.
- 1.3 COUNTY will provide a construction schedule to the CITY in sufficient time to schedule the milling operations.
- 1.4 COUNTY agrees to, overlay the aforementioned streets being approximately a total of 43,212 square yards.
- 1.5 COUNTY will sweep each street prior to paving and after paving.
- 1.6 COUNTY will provide a porta toilet.

#### **2. CITY RESPONSIBILITY**

With respect to each part of the Project:

- 2.1 The CITY will furnish and pay for the asphalt, including trucking costs, for the Project.
- 2.2 The CITY will furnish all rights-of-way and plan specifications. The CITY will also furnish all engineering drawings, if necessary, which will include required drainage grades and American with Disabilities Act approved entrances, if required. The CITY will pay for drainage culverts, if needed, for any part of

the Project. CITY will ensure that the Project is cleared of obstructions which could damage COUNTY equipment during construction.

- 2.3 CITY will verify the location of all utility locations, mark those locations and then remove the utilities that will interfere with the progress of the Project.
- 2.4 CITY will furnish a site for dumping waste in close proximity to the job site for materials generated during this Project.
- 2.5 If a Storm Water Pollution Prevention Plan is required, the CITY will be responsible for the design, development, implementation and maintenance of the Plan for the duration of each part of the Project. The COUNTY will inform the CITY if the Plan needs maintenance during construction.
- 2.6 The CITY is responsible for the scheduling and milling cost required for the PROJECT.

**3. PROCEDURES DURING PROJECT**

- 3.1 The COUNTY retains the right to inspect and reject all materials the CITY provides for the Project.
- 3.2 If the CITY has a complaint regarding the construction of any part of the Project, the CITY must complain in writing to the COUNTY no later than thirty (30) days from the date of completion of that particular portion of the Project. Upon expiration of thirty (30) days after completion of a particular portion of the Project, the CITY will be responsible for all maintenance and repairs of that street. The reference to a “portion of the Project” as used in this Agreement refers to an individual street identified on the attached exhibit.

**4. NO WAIVER OF IMMUNITY**

This Agreement does not waive the COUNTY’s rights under a legal theory of sovereign immunity. This Agreement does not waive the CITY’s right under a legal theory of sovereign immunity.

**5. OPTIONAL SERVICES**

The COUNTY will furnish flag persons, as needed.

**6. TIME PERIOD FOR COMPLETION**

The CITY will give the COUNTY notice to proceed at the appropriate time. However, the COUNTY is under no duty to commence construction at any particular time, but the project must be completed by the end of the current fiscal year.

**7. THIRD PARTY**

The parties do not enter into this Agreement to protect any specific third party. The intent of this Agreement excludes the idea of a suit by a third-party beneficiary. The parties to this Agreement do not consent to the waiver of sovereign immunity under Texas law to the extent any party may have immunity under Texas law.

**8. JOINT VENTURE & AGENCY**

The relationship between the parties to this Agreement does not create a partnership

or joint venture between the parties. This Agreement does not appoint any party as agent for the other party.

**9. EFFECTIVE DATE**

This Agreement becomes effective when signed by the last party whose signing makes the Agreement fully executed.

**10. COMPLIANCE WITH LAWS**

In providing the services required by this Agreement, CITY must observe and comply with all applicable federal, state, and local statutes, ordinances, rules, and regulations, including, without limitation, workers' compensation laws, minimum and maximum salary and wage statutes and regulations, and non-discrimination laws and regulations. CITY shall be responsible for ensuring its compliance with any laws and regulations applicable to its business, including maintaining any necessary licenses and permits.

**11. TERMINATION OF AGREEMENT**

The initial term of this Agreement is until October 1, 2026 and will automatically renew for a like term thereafter until (1) the Project is completed or (2) the Agreement is terminated by either party in writing. Either party may terminate this Agreement at any time—either before the expiration of the initial term or after the renewal of any term thereafter—by providing the other party with thirty (30) days written notice of termination. In the event of termination by either party, neither party shall have any further obligations to the other party under this Agreement, except the CITY remains liable for payment to the COUNTY for any outstanding invoice for materials that the COUNTY provides for the Project, if any.

## CITY COUNCIL COMMUNICATION

DATE: 03/19/26	REFERENCE NUMBER: P-295	SUBJECT: Purchase of Pickup Trucks from Five Star Ford	PAGE: 1 of 1
-------------------	----------------------------	---	-----------------

City departments rely on fleet vehicles to perform essential maintenance, operations, and service delivery throughout the community. Typically, when emergency response vehicles such as patrol vehicles and ambulances are replaced, they are assigned to other departments for continued use. During this replacement cycle, the City was able to sell four ambulances that had been programmed for reassignment. The proceeds from the sale generated approximately the same amount needed to purchase four (4) new purpose-built trucks for the Public Works and Parks Departments.

Staff proposes the purchase of the following vehicles:

Public Works:

- Two (2) Ford F350 (1-ton) 4-WD pickup trucks with gasoline engines, flat beds with headache racks, toolboxes, and safety lights

Parks:

- Two (2) Ford F250 (3/4-ton) 2-WD pickup trucks with gasoline engines, standard beds with headache racks, toolboxes, and safety lights

Two vendors submitted the following pricing:

Five Star Ford	\$239,966.74 (Buy Board Contract)
Sewell Ford	\$263,282.00

The purchase of these vehicles was identified and approved as part of the City's 2026 Capital Improvement Program (CIP) and will be purchased through the Buy Board purchasing cooperative.

### **FINANCING**

The purchase will be funded through the City's Capital Asset Replacement Fund, which has adequate funding available.

### **RECOMMENDATION**

Staff recommends that the City Council approve the purchase of four (4) pickup trucks from Five Star Ford for \$239,966.74, funded from the Capital Asset Replacement Fund.

## CITY COUNCIL COMMUNICATION

DATE: 03/19/2026	REFERENCE NUMBER: P-296	SUBJECT: Purchase of Asphalt from Austin Asphalt for the FY2025-26 Street Maintenance Program	PAGE: 1 of 1
---------------------	----------------------------	--	-----------------

Via a purchasing Interlocal Agreement (ILA) with Tarrant County, the City is able to purchase asphalt from Austin Asphalt for approximately 1.96 miles street overlay paving as part of the FY2025-26 Street Maintenance Program at a cost of \$338,437.50.

This purchase is contingent upon City Council approval of a separate ILA with Tarrant County, also scheduled for consideration on March 19, 2026. Under the terms of the ILA, the City will pay for street milling and asphalt, while T County will provide the equipment and labor needed to complete this portion of the FY2025-26 Program at no cost to the City.

### **FINANCING**

The asphalt purchase will be funded from the Public Works operating budget as authorized by the City Council in the FY2025-26 annual budget.

### **RECOMMENDATION**

Staff recommends that the City Council approve the purchase of asphalt from Austin Asphalt for \$338,437.50.
